

How to Prove You are Vaccinated

1. Create a COVID-19 Digital Certificate

To get your Covid-19 digital certificate, you first need to have a **MyGov** Account online. Once this is set up you need to **link Medicare** to it. If you don't have a MyGov account you can click on the following webpage and use their useful tool to create your account and link to Medicare.

Once you have your MyGov Account with Medicare linked then you can get your COVID-19 vaccination proof using either your:

- Medicare online account through myGov
- the Express Plus Medicare mobile app on your mobile phone.

Once you've had all your required doses, you can add your COVID-19 digital certificate to your digital wallet on your smart phone.

How to add your COVID-19 digital certificate to a digital wallet on your mobile phone.

You can add your COVID-19 digital certificate to your Apple Wallet (iPhone) or Google Pay (Android) using either:

- the Express Plus Medicare mobile app
- your Medicare online account through myGov using a browser on your mobile phone.

If you're using the **Express Plus Medicare mobile app**:

1. Select **View proof** from Services.
2. Select View history.
3. Select your name, then View COVID-19 digital certificate.
4. Select either Add to Apple Wallet or Save to phone for Google Pay.

If you're using your **Medicare online account** through myGov on your mobile phone:

1. Sign in to your myGov account using a browser on your device.
2. Select **Medicare**.
3. Select **View proof** in Proof of vaccination.
4. Select View history.
5. Select your **name**.
6. Select either Add to Apple Wallet or Save to phone for Google Pay.

If you're using an iOS (Apple) device, you can use the Safari or Chrome browsers. If you're using an Android device, you need to use the Chrome browser.
